

2265

BANKNOTE VALUE COUNTER

EASILY VALUE COUNT YOUR BANKNOTES

Cash-up with certainty and ease. The Safescan 2265 accurately value counts mixed Euro and British Pound banknotes while simultaneously verifying them on up to five security features. Saving you valuable time. Thanks to its intuitive user interface and automated features, your cash counting will be easier than ever before.

- Banknote counter that value counts mixed Euro and British Pound banknotes
- Counts the quantity of sorted banknotes for all currencies
- Value counts up to 1.200 banknotes per minute
- Verifies banknotes on up to five security features: ultraviolet ink, magnetic ink, colour, size and thickness
- Stops counting and presents an audio and visual alarm when a suspected banknote is detected
- Automatically starts counting the inserted stack of banknotes with the auto start function
- Adds up the quantity and value of counted notes across different runs with the add function
- Shows a complete overview of all quantities and values per denomination
- Creates equal stacks of banknotes with the batch function
- Easily operated thanks to the large 3.9 inch display and clear buttons
- Free currency updates available to download whenever a new banknote is released
- In other documentation this model may also be referred to as the Safescan 2265 G2

Value counts up to 1.200 banknotes per minute

Creates equal stacks of bills with the batch function
